Comments/Remarks:

Happy New Year!

At the beginning of the new year we have continued where we left off in 2017 with our sports learning theme 'Ball'. We introduced different kinds of ball games that some children have never heard of and showed them a few rules of the games. The children had a lot of fun receiving their balls into the basket to get points, they were clapping for their friend with the most points as they learn how to share good sportsmanship. They also enjoyed catching a big ball from their friends and measuring the weights of the different balls the children have brought to school. The children didn't know much about the measuring scale until this week. For English this week we just did a revision of the capital, singing the alphabet song, sharing some letter recognition games and practicing their phonics.
